CURIOUS MEDLEY.

By the lake where drooped the willow,
Row vassals; row:
I want to be an angel,
And jump Jim Crow.

An old crow sat on a hickory limb,
None knew him but to praise;
Let me kiss him for his mother,
For he smells of Schweitzer kase.

The minstrel to the war has gone,
With the banjo on his knee;
He awoke to hear the sentries shriek,
There's a light in the window for thee.

A frog he would a wooing go,
His hair was curled to kill:
He used to wear an old gray coat,
And the sword of Bunker Hill.

Off in the stilly night,
Make way for liberty! he cried;
I won't go home till morning,
With Peggy by my side.

I am dying, Egypt, dying,
Susannah, don't you cry:
Know how sublime a thing it is
To brush away the blue-tailed fly.

The boy stood on the burning deck,
With his baggage checked for Troy;
One of the few, immortal names,
His name was Pat Malloy.

Mary had a little lamb,
He could a tale unfold:
He had no teeth to eat a hoe cake,
As his spectacles were gold.

Lay on, lay on, Macduff,
Man wants but little here below;
And I'm to be Queen of the May,
So kiss me quick and go.

DEATH-SHIP.

Since the time when the Ancient Mariner told the terrible tale of the coarse-laden ship with her crew of ghastly corpses, no more thrilling story of the sea has been related than that of the whale ship *Diana*, that recently drifted into one of the Schetland Islands.

A year ago she left the Schetlands on a whaling voyage to the Arctic regions, having on board fifty men. From that time nothing was heard of her. The friends of those on board became alarmed. Money was raised and premiums offered for the first vessel that would bring tidings of the missing ship, but all to no avail. Hope was almost abandoned.

On the second of April, the people near Rona's Voe, one of the Schetland Isles, were startled at seeing a ghastly wreck of a ship sailing into the harbor. Battered and lee-crushed, sails and cordage cut away, boats and spars cut up for fuel in the terrible Arctic winter, her decks covered with dead and dying, the long lost *Diana* sailed in like a ship from the Deadman's Land. Fifty men sailed out of Lerwick in her on a bright May morning, last year. All of the fifty came back on her on the 21st of April, this year—the same, yet how different!

Ten men, of whom the Captain was one, lay stiffened corpses on the deck; thirty-five lay helplessly sick, and some dying; two retained sufficient strength to creep aloft, and the other three crawled about the deck. The ship was boarded by the Islanders, and as they climbed over the bulwarks, the man at the wheel fainted from excitement. One of the sick died as he lay, his death being announced by the fellow-occupant of his berth feebly moaning, "Take away this dead man."

On the bridge of the vessel lay the body of the Captain, as it had lain for four months, with nine of his shipmates by his side, all decently laid out by those who expected soon to share their fate. The survivors could not bear to sink the bodies of their comrades into the sea, but kept them so that, when the last man died the fated ship that had been their common home should be their common tomb. The surgeon of the ship worked faithfully to the last, but cold, hunger, scurvy, and dysentery were too much for him.

The brave old Captian was the first victim, and died blessing his men. Then the others fell one by one, until the ship was tenanted only by the dead and dying. One night more at sea would have left the *Diana* a floating coffin. Not one of the fifty would have lived to tell the ghastly tale.

SOMEBODY, who was desirous of gaining information wrote to the *Herald* asking "how long it would be before we would support McCarthy." If this anxious seeker after information had called upon us he could have obtained what he so zealously sought. We think a printer should have been nominated, and until McCarthy acquires a practical knowledge of the business we will oppose him for State Printer. We know nothing about him privately, and oppose his nomination simply because of his ineligibility.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith, determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be holden or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

P. W. THOMAS,
Chairman Committee on Resolutions.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by brute force and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, that in reconstructing the nation its foundations should be justice and its architects loyalty, and we are willing that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freemen and equalty, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and an evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

NEW PROCESS OF REDUCING ORES.

By invitation of Dr. A. T. Dozier, of this place, a skillful chemist of long experience in reducing ores and testing rock bearing gold, silver, copper, either free or in affinity with other metals, we witnessed a series of experiments not less remarkable than practical and determinate in their character in the reduction of ores. The process is entirely different from any other either in practical use, or maintained in theory by experimentors. Experiments were made on rocks or ores from four veins. From the Yellow Jacket, a rich mine in the State of Nevada, the rock from this mine bears gold, silver and lead. From the Enterprise mine, Meadow Lake. From the Redstone mine at Lost Camp, about ten miles from this place; also a piece of copper ore from Meadow Lake District. The essential features of the process consist in mixing or combining with the ores certain chemical agents and bringing and holding the mass at a low red-heat until the affinities forming the metaliferous compounds are destroyed, and other desired modifications produced. The mass, acted upon by the chemicals at a red-heat, becomes a paste, takes on a plastic, not a liquid form. The lead, as in the ore of the Yellow Jacket, is first set free, forming minute globules, which assist in setting free the silver, forming small globules through the mass. The silex, whether by iron or by whatever cohesive power held together, becomes disintegrated, the whole forming a plastic mass which, on cooling becomes exceedingly brittle and can be easily and rapidly reduced to powder by grinding process, as now used by pans in quartz mills. A piece of rock from the Redstone containing free gold with sulphurets, was reduced in the same manner. The chemicals absorb the sulphur, destroy the cohesive power combining the iron, sulphur and silex and form a paste, which on cooling, is very brittle and easily reduced to an impalpable powder. Rock from the Enterprise containing gold, iron, sulpher and antimony, was reduced by the same process. Also, a piece of copper ore, the copper being obtained in a pure state. All ores containing sulphurets can be worked by the Doctor's process. The advantages of this process over crushing consisting in doing away with the stamps and crushing process. The rock requiring only to be broken in small size pieces. All gold bearing rock containing free gold with sulphurets, it is estimated can be worked by this process at a cost of four dollars per ton, for reducing. Sulphurets when concentrated can be worked at the same cost as the rock. Silver ores containing gold, silver and lead, as the Yellow Jacket, can be worked at a cost of about twelve dollars per ton, and can be worked up to 95 per cent., leaving only a trace remaining. This discovery in working ores bearing the precious metals has been obtained after years devoted to experimenting, and to study.—The process is simple, but as yet no works have been erected for testing ores on a large scale, a process which experiment shows to be entirely feasible. According to the best estimates that can be made, a furnace of sufficient capacity to work ten tons of sulphurets a day would cost only $2,500, and the expense of working not more than four dollars per ton. It seems to us that the facts here stated and which came under our observation are of great interest to quartz miners and those engaged in reducing ores.—We shall refer to this matter again.

FATAL MINING ACCIDENT.—On yesterday morning about 7 o'clock, while Robert Smith, George and Michael L. Wickle were at work hydraulicing in the Pine-Top claim on Squire's Canyon, a large cave occurred, catching in its course Smith and M. Wickle, covering them and killing the latter. Smith, by great exertions, freed himself from the cave twice and floated down the ground-sluice some distance and was dug out. He is severely bruised but miraculously escaped any serious injury. Wickle was covered completely up and when found life was extinct; he came to this State first in 1855, but had recently arrived from Idaho to this place. He was a native of Macon county, North Carolina, and about 35 years of age. Those who knew him speak in the highest terms of his moral worth. Amongst his papers was found a demit from Inwaluskn Lodge, No. 145, F. & A. Masons of Franklin, Macon county, North Carolina.

MASONIC CELEBRATION.—The members of the Masonic Order met in large numbers at Colfax on Thursday last, and assembled under the direction of the Marshal, C. M. Kopp, and marched in procession to the site of the new hall where the ceremony of laying the corner stone for the new structure was performed. Our informant says that different description of coin, the several county papers, the Sacramento Union and other parcels were deposited. After which the procession marched to the depot where Thomas P. Hawley, the orator, delivered an eloquent and stirring, after which the procession marched to the Odd Fellows' hall and were dismissed. The day's festivities concluded with a ball at which was assembled most of the elite and beauty of the county, and where all enjoyed themselves till a late hour the next morning.

A friend writing us from Dutch Flat, asks how long it will take Boust to come out for McCarthy for State Printer. As we are not posted we advise our friend to ask Selkirk.—*Placer Herald.*

If the fossil of the *Herald* desires to know anything as to our views in the present political campaign he may do so by getting some of his friends to read the *Enquirer* for him.

LETTER FROM AUBURN.

AUBURN, June 20, 1867.

EDITOR ENQUIRER:—After a silence of some two months, I resume my correspondence with the ENQUIRER, in order to assist in keeping you enlightened as to occurrences taking place at the seat of operations. The village for a month back has presented a very lively appearance, consequent upon the assemblying of the County Conventions, with the accompanying fixtures, such as candidates, delegates and a host of lookers-on, wire-pullers, etc. Auburn looks forward to Courts, Conventions and the like for her business, gala days, and were it not for them would soon dwindle into insignificance.

POLITICAL.

The Union voters in this portion of the county are jubilant over our Convention's nominations. Not a ward can be heard against any part of them. True, at first there was the usual and to be expected amount of sore headedness among a few of the disappointed ones; that has now been entirely healed, and the Union men here and throughout the lower portion of the county stand as a unit, and will give a good account of themselves next fall. There has been some talk also against Gorham's nomination, but that too has altogether disappeared; it never did amount to anything more than the grumbling of a few bolters or would-be bolters, who were ready to believe that the Union party was about to be disbanded, and they took to howling against Gorham as an excuse for their exit from the Union party. Again, the Union men are not and will not be in favor of any split in the Party in this State. We stand in need of our united strength, and cannot possibly allow minor considerations and small party bickerings to wreck us now, and allow a horde of traitors to step in and control a part of that Government they were so recently armed to destroy.

ANTI-COOLIE.

The Anti-Coolie, White Man's Government, States' Rights, spirit of Arnold, Democratic Convention held a political pow-wow here on Monday last, and after a couple hours maudlin consultation issued a ticket; every man whose name is upon it having been opposed to the prosecution of the war. In fact it is made up of as good and staunch Confederate timber as ever received the approbation of the Martyr Davis. It was a high old collection of politically shipwrecked individuals, hungry for an official harbor. The Crutcher-Mitchell wing controlled the movements of the Convention, consequently the two-year-ago bolters and the more recent acquisitions were compelled to take a back seat. It was amusing to behold the penitent and disappointed countenances of the fence-straddlers. Fitzsimmons arrived on Sunday prior to the convenlng of the Convention, to take observations and be on hand early, feeling no doubt, at ease as to his nomination for County Judge. When called upon by the Convention, he spoke his piece after the orthodox, spread eagle style, and among other things, stated that he was "pre-eminently stuck after the Anti-Coolie section of the Convention's resolutions," but the result of the ballot proved beyond cavil that the Convention were not pre-eminently stuck after him. The recent acquisition—poor Sib.—how I pity him—overlooked among the Union party, forced to find more promising associations, and then, after committing himself, to be thus snubbed, how unfortunate is Sib.? How shameful on the part of the Democrats!

FOURTH OF JULY.

We are to have a veritable celebration, no half-way, one-horse concern this time; one that will deserve the name of celebration; extensive preparations are being made for a grand time. George C. Gorham, I understand, has been engaged to deliver the oration. In the evening a ball will close the ceremonies.

Yours,
SKOOTS.

A WORKING-MAN'S CHAMPION CANDIDATE. The San Francisco Call re-publishes the following, from a working-man in that city. It shows that McCarthy is not the friend to the workingman he would have the people believe:

Permit me, through your paper, to say a few words in regard to the late Union nominee for State Printer, D. O. McCarthy, the self-styled advocate of the Working-men, who has, for a short time past, been endeavoring to ingratiate himself into the good graces of the Working-men of this city by his hypocritical writings in vindication of their rights. He has at least achieved the masterstroke in completion of his efforts. He evidently is in favor of Working-men—that is, in favor of having them *work*; but, it is also apparent that when the time arrives for compensating them for their labor, he wholly forgets that Working-men have *rights*. Now, in my opinion, the chief right of a Working-man is remuneration for his labor; and this right D. O. McCarthy totally disregards. Since the recent resumption of the publication of the *American Flag* (excepting the two first weeks) his employes had to strike regularly every pay-day for their wages. On Saturday last, McCarthy being in Sacramento, detained there by political matters, his employes leniently waited for his return for their wages. He arrived here Saturday night, at a late hour, and the men waited patiently until Monday for their pay, and then, there appearing no indication of getting their money, they struck, and, up to this hour, have not yet got their money. Now, I would inquire of all the Working-men, is this consistent with the sentiments lately expressed by their would-be champion?

HARRY MASTERSON.

SCHOOL TRUSTEES.—The election of trustees for this School District will be held, as per public notice, on Saturday the 29th instant, between 4 and 7 o'clock P. M., at the School House. Two Trustees are to be elected. Mr. Blanchard of the present Board, having one year to serve before the expiration of his term. It is by law made the duty of the people to see that our publicly endowed system of education is wisely carried out, and made beneficial to the public. The responsibility rests on each and all, but more especially it would seem to rest on those who have children to be educated. It remains to be seen whether the people, so tenacious of retaining and exercising power over the education of their children, will suffer so important a matter to go by default.

ANOTHER EDITOR GONE.—It is with feelings of regret that we announce the death of MR. HENRY C. WATSON, late chief editor of the Sacramento *Union*. He had been but a few years on this coast, but long enough to have all seek with a literary zest his writings. Under his control the *Union* was made a first-class paper, second to none in the world, and controlled an influence for good attained by but few. Mr. Watson died in Sacramento on Thursday, June 24th, in the 36th year of his age.—Our pen is unequal to the task of recording his great worth as citizen, or his fame as a journalist.

ALL of our rollers melted on Monday and Tuesday, which accounts for the delay in our issue.

Perry Davis' Vegetable Pain Killer, after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

SEMI-WEEKLY ENQUIRER.

IMPORTANT TO SETTLERS.—We have received from the Register and Receiver of the Land office at Marysville, the following important notice to actual settlers on Government lands, which they would do well to attend to without delay. The townships cited below comprise an area of about thirty miles extending to Donner Lake on the intended route of the Central Pacific Railroad, and is along the course of the Dutch Flat and Donner Lake wagon road; and takes in Cisco, Alpha, Washington, Omega, Bald Eagle, Spritesville, etc. Those claiming lands within the townships mentioned are required to file affidavits in the Land office, showing that they are more valuable for agricultural than for mining purposes. The following is the notice:

"Notice is hereby given, that the following described township plats were filed in the Register's office on the 21st day of June, 1867, viz.: Township 17 north, range 11 east; township 17 north, range 12 east; township 17 north, range 13 east; township 17 north, range 14 east; township 17 north, range 15 east. Settlers upon lands in the above described townships are hereby notified to file their declaratory statements in the Register's office, at Marysville, within the time prescribed by law, otherwise their rights will be forfeited. The above named lands are within the limits of the Central Pacific Railroad reservation. Persons on settled on any of the above named lands prior to the 12th day of September, 1862, (the date of said reservation) and who have from the time of their settlement to the present time continued to reside on and cultivate their lands, making their thereon, and complying with the requirements of the pre-emption law, will be entitled to enter their land by pre-emption, whether on even-numbered or odd-numbered sections, and pay for the same either with money or military bounty land warrants, at the rate of $1 25 per acre; provided they file their claims in this office within three (3) calendar months after the date of this notice, and provided the lands so sought to be entered are not mineral. Persons who settled on any of the odd-numbered sections of the above lands subsequent to the 12th of September, 1862, cannot enter or pay for them, nor file any claim in this office." The notice bears date of June 21st, 1867, consequently statements must be filed by the 21st of September next.

THE Oakland News says that J. W. Dwinelle, Esq., of Alameda county, secured an influential position in the late Union State Convention and gave McCarthy the nomination for State Printer. And further says that Mr. Dwinelle acted for the best interests of the party; Well, we don't know how Mac. will run in Alameda with the Oakland News in his rear, but we do know that his tail is too short to fly high in this "neck o' woods." The editor of the News is disposed to be facetious when he speaks of the "interests of the party" and names McCarthy as one of the "interesting" nominees.

MEDICAL.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins, square and firm.

A few bottles of PLANTATION BITTERS

Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.,

which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

PRIVATE MEDICAL INSTITUTE,

Established by

DR. J. C. YOUNG, IN 1850,

For the cure of all Private Diseases and

ALL FEMALE COMPLAINTS.

CONSULTING OFFICE,

536 WASHINGTON STREET,

SAN FRANCISCO, : : : : : : : : : CALIFORNIA

NO CURE, NO PAY.

Consultation by letter, or otherwise, FREE. For direction of letters, see below.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are sick cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no resort except in proper and skilful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State. The GREAT FEMALE MEDICINE PREVENTIVE POWDERS for MARRIED LADIES. New, Safe and Infallible, lasting from four to six months. Price, $10. To Correspondents.

Patients residing in any part of the State, however distant, who may desire medical advice on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are assured that their communications will be held most sacred.

All letters must be addressed to the corresponding physician, thus:

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages; Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability; Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred. Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. Permanent cure guaranteed or no pay. Address,

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. W. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco, Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhœa, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,

SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty years standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dig up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor.

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
